What is Professional Membership?

[Professional membership](#) enables the American Dental Hygienists' Association to bring you the resources and shared knowledge to expand your professional potential and further your success. In addition to the great [benefits](#), you can also hold office and serve on the [Board of Trustees](#) and [House of Delegates](#).

How do I become a professional member of ADHA?

Become a Professional member by updating ADHA with your license number. It's that easy!

Will it cost me anything?

As long as you are a current Student member, transitioning to the Professional membership is free.

Do I get a free year of Professional membership when I transition?

Transitioning from Student to Professional membership is free. If you graduated in the *first six months* of the year, your transitioned Professional membership will be up for renewal at the start of the following year. **If you graduated in the *last six months* of the year, your transitioned Professional membership will be up for renewal during the summer of the following year.**

Will I keep my ID#?

Yes.

Will I get a new ID card?

Once you provide ADHA with your license number a new card will be available on your ADHA profile.

I don't really understand what ADHA does, or how it affects my career.

ADHA is the largest national organization representing the professional interest of dental hygienists. That means that everyday ADHA is working to promote and protect the dental hygiene profession. It is through our collective strength that gives ADHA the ability to open new opportunities for you and protect your scope of practice.

Why should I become a Professional member?

Letting ADHA know that you have your license helps us communicate with you as a professional at the national, state and local chapter. **You will receive the most relevant professional information to keep you on the cutting edge of the dental hygiene profession.**

I'm looking for a job, but I haven't found one. Can ADHA help?

Yes, ADHA has several resources to help you find a job. These include ADHA's [Career Center](#) and community building opportunities.

If I become a Professional member am I obligated to pay every year?

No, belonging to ADHA is a choice. When your membership is up for renewal you will receive information on how to continue it if you choose. While you are not obligated to pay every year, we plan on showing you the value of membership.

I can't logon to my online profile, my e-mail address has changed or I cannot find my ADHA ID#?

If you are having trouble logging onto your profile, please call membership at 312-440-8900 or e-mail Student.Relations@adha.net. Include your first and last name as well as your state in your e-mail.
